**Sub :- Allotment of rakes of salt loading at Gandhidham/Chirai Railway Station**

Dear Sir,

As you are very well aware Gandhidham and Chirai are loading points of salt in the district of Kachchh Gujarat were maximum loading of salt takes place.

At present many indents for loading of salt are pending at Gandhidham & Chirai Railway Station. This is being a lean season, as a matter of fact, there should not be problem to allot required rakes for the loading of salt at these station. However, we would like to keep you informed that the present rate of allotment of rakes against indent is quite slow and it may result into pending status of indent by the end of Sept. 2016.

Whilst on the subject we would like to remind you about telecom assurance given to Mr. Bachubhai Ahir – President, Kandla Salt Manufacturers Association for regular allotment of rakes for salt loading in September, 2016 and assurance for no pending indents status for salt rakes by the end of September, 2016.

We shall be highly thankful if you would initiate necessary actions for fast allotment of salt loading rakes during September, 2016.

We shall appreciate for your prompt action in this regard.

Thanking you,

  
(Dinesh Gupta)  
President
