Sub: Suggestion for improvements at Gandhidham and Adipur Railway Station

Dear Sir,

Greetings from GCCI.

We would like to suggest the following improvements at Gandhidham Railway Station to facilitate travelling passengers.

1) At Gandhidham Railway Station

- ❖ To provide ramp on middle of one of "Foot Over Bridge" to enable passenger to move their bags comfortably.
- ❖ Additional exit and entry point at Railway Station. In present scenario, platforms are extended and various passenger trains of 24 bogies pass through Railway Station. However, there is only one entry and exit point that too almost at the end of the Railway Station. This results into hardship to the passengers and becomes difficult to walkthrough to cover upto extended platforms. It is essential to have additional exit and entry points keeping in view safety and to meet any emergency requirement.
- ❖ The present arrangement of CCTV camera is not sufficient to take care and meet its objective meaningfully. We suggest to provide PTH CCTV camera with focus on exit / entry points and coverage of full train.
- ❖ Coaches are not placed as per details reflected in coach indicator. Hence, it is necessary to ensure that coach indicator reflects correct status of coaches.

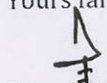

2) Gandhidham & Adipur Railway Station

There is inadequate drinking water facilities at both the station. It is need of the hour to provide extra drinking water facilities at all platforms of both Railway Station keeping in view up-coming summer season.

Hope, to receive due attention to our above referred suggestions in the larger interest of travelling passengers.

Thanking you.

Yours faithfully,

Dinesh Gupta
President
