**Sub: Draft Scheme of Conversion from Lease Hold system into free hold
(Land leased out by DPT & SRC, Adipur from Commercial and
Industrial Purpose) – Suggestion and Objection.**

Sir,

This is in reference to the above cited subject regarding offering suggestions / objections from all stakeholders. The following suggestions are offered for your kind information and further necessary action:

The Sindhu Resettlement Corporation Ltd. have allotted the shopping, industrial and commercial plots on share basis and have collected development charges for the said plots. As I have already paid amount for share and development charges so conversion fee for converting lease hold land to free hold should be made at free of cost.

I hope my above suggestion will be considered and incorporated in draft scheme before finalising the final policy.

Thanking you.

Yours faithfully,

From

Sub: Draft Scheme of conversion from leasehold System into free hold (Land leased out by DPT and SRC Adipur from Commercial and Industrial Purpose) – Suggestion and objection.

Sir,

This is in reference to the above cited subject regarding offering suggestion /objections from all stake holders. The following suggestions are offered for your kind information and further necessary action:

Further you are requested to convert the leasehold land into free hold on the basis of present development charges (-) development charges already paid + premium paid (if any) whatever the amount appear on that amount 25% should be charge as conversion fee.

I suggest that plots allotted upto 200 Sq.Mtrs should be converted without collecting any conversion charges from plot holders

I hope my above suggestion will be considered and incorporated in draft scheme before finalizing the Final policy.

Thanking You

Yours Faithfully
